

Youth Career CONNECTIONS

BUILDING YOUTH CAREER PATHWAYS

Youth Career Connections (YCC) program is partially funded by Blueprint for Maryland's Future and implemented in partnership with Prince George's County Public Schools and Prince George's Community College.

Youth Career Connections (YCC) is the backbone program that **serves in-school youth, 6th grade to undergraduate studies, and provides career exploration, readiness, and career coaching for Prince George's County students.**

Working with students from 6th through undergraduate studies, Youth Career Connections goal is to ensure Prince George's County's emerging labor force have the skills and qualifications local employers need, while connecting the County's future workers to subsidized and unsubsidized employment opportunities with local employers.
